

Trinitas Christian School

A Classical and Christ-Centered Education

Natural Philosophy (Math & Science)

At Trinitas in sunny [Pensacola, Florida](#), we believe that a school is “first and foremost a faculty of friends.” With that understanding, we are seeking a uniquely-gifted upper school **Natural Philosophy (Math and Science)** teacher for the **2023-24 school year**. Candidates should possess an abiding faith in Christ, a passion for teaching, and a deep-seated commitment to classical tradition. Experience teaching in a classical school and/or graduate degrees are compensated accordingly.

Now in our third decade of providing a Christ-centered and classical education, Trinitas remains a covenantal school where virtue formation goes hand-in-hand with high academic standards. Teacher applicants should be deeply committed to the Trinitas Statement of Faith which contains the central tenets of historic Protestant Christianity. Trinitas Christian School does not discriminate on the basis of race, color, sex, or national or ethnic origin. More information can be found at www.trinitaschristian.org. Interested applicants are invited to send a current curriculum vitae to headmaster James Cowart, at jcowart@trinitaschristian.org.
